INTRODUCTION

It gives me immense pleasure to publish the Annual Report of Ambedkar College for the academic year 2018-19.

Ambedkar College was established on 26th September 1991. Initially the college was running in the campus of Fatikroy Class XII School, afterwards on 15th August 1999 the college got its present permanent campus, which was acquired at the cost of vacating thirty-four families residing in that area who were being rehabilitated by the local administration in Govt. land within 1 KM from the college. Since the initial days of this college marked with the sacrifice of common men of this land and through years of struggles from various fronts, this college has grown to its present form, which comprises of 11.3 acre encompassing an old and a new campus and a sizable number of academicians along with impressive numbers of students.

Ambedkar College has committed vision to instill a very high sense of dedication and discipline in the mind of students and to ensure a global standard of education by imparting quality education. It has the vision to make the learners intellectually superior and ethically strong. The Institution also affixes its goal to ascertain the unity and integrity among the people of different communities and religions and to uplift the weaker section of the region. The institution also takes upon itself the arduous responsibility to identify the potentials, possibilities, as well as weakness in the teaching and learning process with a view to elevating the institution to the level of excellence and also to the national development. Keeping in mind the aspirant educational zeal of the vast masses of the great catchment area, the progress of which is centered on the development of this seat of higher learning, the Ambedkar College since its inception is growing day by day and imparting education to the youths of the rural area. And especially in past few years the progress has gain momentum which has been resulted into different developmental activities, viz. new academic and administrative buildings, ongoing work of the construction of auditorium etc.

The college is the first Govt. Degree college of Tripura to participate in the NIRF ranking in the year 2017-18 and also please to inform that the college is also among a few colleges in Tripura accreditation by NAAC on the 1st May 2015. Ambedkar College has completed twenty-nine years of its academic excellence this year. It is a General Degree College functioning under the Department of Education (Higher), Govt. of Tripura. The college has a well-equipped computer lab to provide the knowledge of ICT to the students. Some of the class rooms are equipped with Smart Class Room facility as sponsored by UGC and NMEICT, Govt. of India. Old campus is being monitored by CC camera. All the class rooms are well equipped with modern and sophisticated Electronic Teaching Aid. Science lab (Physics and Chemistry Lab) has been set up in the new academic building.
