From the desk of the Editor in -Chief:

It is indeed a matter of great pleasure and a deep satisfaction for us that an annual Research Journal of Ambedkar College could at last be arrayed under the covers and brought out in printed form. It was a dream of Ambedkar College for a long time to publish a Research journal. Finally we are here with the first issue of the journal.

Altogether 18 research papers have been collected from all over the country. The papers contributed by academicians and scholars encompasses the many facets of current issues. We are really thankful to the contributors for their kind responses. In spite of their busy schedule they respond to our call and contributed their research paper in bringing out this journal.

We would like to convey our gratitude to the members of Advisory Board for their valuable suggestions and advice. We are also thankful to the faculty members of Ambedkar College for their constant encouragement and support in bringing out the journal for their unstinted enthusiasm and unselfish help.

We hope, the journal will be received well by the scholars as well as the reading public and will contribute in social development.

Dr. Subrata Sharma
