Excellent

Bery bad

English is rarely used in our institute Soo I suggest and prefer English language more so that student can understand and communicate with the teacher without any hasitation

Overall okay with this

i.e We wanted teachers during class hours to please explain us in English language while teaching us.

Good but i am not satisfied in mark distribution

The infrastructure of the institute should be develop at all.

All the teachers should aware of their teachings.

All the teachers should have their creative mentality and good behaviour to the students.

Communication should be good,more awareness program,and talk about there out side life

very good

Sometimes discussion should be in English language

They should not be professional all the time. Teachers hould support student immensely. Institute should provide books easily to the students, cz we know grinning is something you do when you are entertained in some way, such as reading a good book or watching someone you don't care for spill orange soda all over themselves.

Need some class room. Overall according to my observation our college was well good. There are very good teachers and they are illustrate the concepts through the examples.

Some department's should be careful about their teaching

Simple language teaching for English medium  
Use more English in simple so the students can understand

1. focus on every student,
2. every matter discuss with all student
3. and sometimes know student opinion

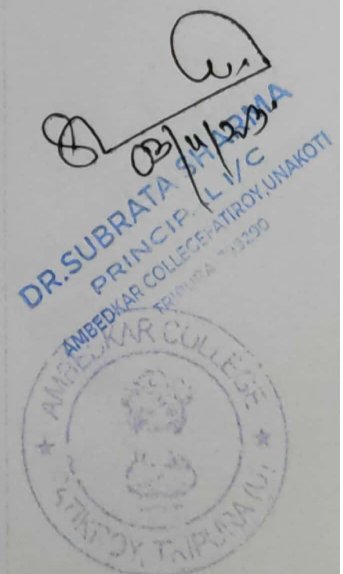

- 1) sometimes there should be a group wise ( students- teacher) discussions
- 2) necessary tools should be use for better learning ,to educate students
- 3) better opportunities can be provided by the institute for the overall further growth and welfare of students

No idea

1- good, good ,good

Brief explanation, simple words and classes should be held on time.

- 1) Teachers communication with student while teaching should be in English too.
- 2) The class should be as per routine and on time. etc.

Teacher's should take more class and complete the syllabus of all there portions.

Hello, it's Rupan here I'm a student of 1st semester and pursuing BA.English(H) I'm not gonna complain about the teaching but there's a room where we study, there's no fan, and the rooms are dirty and smell is coming from the window so I want this issue to be resolved, and as per me everything is fine not that bad.

Like if we don't have a good circumstance to study how we will able to concentrate on studies, so I'm requesting you guys to look into the matter and solve this issue.

1)The number of teachers should be increased in our institution because we have a very few number of faculty.

2)Every concept should be explained by our teachers through theoretically as well as practically.

3)Tourism is very important for students.So an educational tour must be organised in every semester.

My department all teachers is very good 😊👍

Students face a problem with language they use specially Bengali language while explanation of the topic. So English student can't coperate . And majority of the students are from Bengali medium so I request it should held in 50/50. The rest everything is good.

1.if it possible teaching with aud visual will be a great start.

2.Dictation will help the learner to Improve their reading skills.

3.The Teacher should make use of problems solving approach for better learning.

As a suggestion I would like our general subject teachers to use ab it of english for explanation as some of the students belong to english medium. It's a humble request

It's all okk

1. communicate with parents
2. use digital game based learning
3. use the flipped classroom model

1. The Institute should have more courses .
2. the Institute should have bigger and lecture halls .
3. The Institute should have more faculty staff.

My overall experience is good

Learning experience in our institute are very good

In proving athers skill, needs sciences experiment tolls, need teacher gym games

- 1) The most efficient and effective way to ensure teachers focus on students strength is for administrators to focus on teachers strengths first.
- 2) Good teachers know how to Bring out the Best in students.
- 3) Better opportunities can be provided by the institute for the overall further growth and welfare of of students

Three observations or suggestions to improve overall teaching and learning experience in institution are :

1. Use better graphics.
2. Visual media to engage students well.
3. Try to reach every student and ask for their doubts.

Thank you everyone

Very Good

Our college is not very good. We who are BSc General, are facing many deficiencies in our education. Because teachers don't take our classes. There is no study in this college. Teachers don't take our class seriously. Teachers come to class after a long time. We have to face many problems, the teachers are not very good.

I am very proud to have the opportunity to study in this college. 😊

We want students to be very good at learning .

Correct time in the class, regularly class, water

1) Use better graphics and visual media to engage students well. ...2) Try to reach every student and ask for their doubts. ...3) Make teaching a two way interaction.

To ensure that the teaching of the teachers is not boring and torture to the students and also To ensure that the students can enjoy the teaching of the teachers

Our college is not very good. We who are BSc General, are facing many deficiencies in our education. Because the teachers are good but they don't take our classes properly. Even teachers don't take us seriously. We have to face many problems, Even teachers don't provide us the sufficient notes.

\*\*\*

1st\_\_ In our general College students Are Not Giving proper respect To teacher, so I prefer strict discipline.

2nd\_\_ sometimes even teachers also come late at class, so it will be better If they come advance before the Class Starts.

3rd\_\_ I'm requesting Teacher to explain us in hindi, so in this Way bengali and English students both can understand easily and properly. 60% hindi..... 20% bangla and 20% English

Very clear and Good

I m satisfied

Language,

Use better graphics and visual media to engage students well.

The college is very well teaching

Required professor, use LDC projector, and need perfect classroom

Please improve the infrastructure of the college especially for the arts department.

I have no comment about it, the teacher did everything they can to make us understand

Focuses all students.  
Improved visualisation.  
Teaching quality improvement.

Hardwork, Discipline, motivation.

Internal Exam next month

Please don't bully a student because your one word can destroy his moral...

1) My suggestion is the teacher should know what is our prospective, they never tried to know about this. 2) second is they didn't try to understand us. 3) except one teacher of our department all the teachers are egoistic, I think a perfect teacher must be humble, they didn't take class properly, at the end they blame us, they throw us into negative thoughts and many more.

Classes time table must be maintained properly

Our institute teaching and learning is great experience. But our gym is closed every time this is not good. Can't focus on sports activity.

Using 3D animations to better explain each trope.

Colleges need to have appropriate applied science material to teach applied science well.
